

<p>Passed Test -----</p> <p>1) Simulated 3000m Altitude Air-pressure Test.</p> <p>2) -20°C- +60°C Temperature Testing.</p> <p>3) Salt Spray Test.</p> <p>4) Appearance Test (wear-resistant, alcohol, sweat, hardness, adhesion, etc.).</p> <p>5) Functional Test (vapor amount, suction, leakage, battery capacity, battery resistance, short circuit protection, etc.).</p> <p>6) Life Test (puffs, battery self-discharge, negative pressure leakage, etc.).</p> <p>7) Simulated Transport Drop Test, Vibration Test, Soak Test.</p>	<p>Parameters -----</p> <p>1) Height: 68.2mm</p> <p>2) Width:26.4mm</p> <p>3) Device Weight: 28.8g</p> <p>4) Battery Capacity: 390mah</p> <p>5) Charging time: 1-1.5H</p> <p>6) Output Voltage: 3.7v</p> <p>7) Compatible with 11mm Diameter Cartridge</p>	<p>Components</p> <p>1. Battery 1PC</p> <p>2. Short Magnetic Adapter 1PC</p> <p>3. Tall Magnetic Adapter 1PC</p> <p>4. USB Cable 1PC</p>	<p>C-BOX mini</p> <p>USER MANUAL</p> <p><i>by KANDY PENS</i></p>
--	---	---	--

	<p>Features -----</p> <p>Multifunctional Battery Box, Suitable for Φ11mm Atomizer, Colorful Metal Housing, Perfect Touch Feeling.</p> <p>How to Use -----</p> <p>1) No button, Inhale to activate.</p> <p>2) LED indicator lights up when vaping.</p> <p>3) LED indicator turns on and vapor produce synchronously when vaping; if any continuous vaping over 10 seconds, LED flashes 2 times then the system locked.</p>	<p>4) When Battery is low, LED indicator blinks 10 times to remind user to charge battery.</p> <p>5) Short-circuit Protection: LED would keep lighting for 2 seconds, battery would stop working</p> <p>6) The LED keeps lighting during charging process, when charging is finished, the LED Blinks 20 times and then turns off.</p> <p>7) Please use the original charging cable and no more than 5V/1A power supply to charge this device.</p>	<p>Note:</p> <p>This device only compatible with bottom airflow cartridge. It does not work with top airflow cartridge.</p>
